

Healthcare & Pharmaceutical Awards 2016

Pradeep

I hope you received my previous email advising you of your win. If you by chance did not please be advised that Rockland Technimed Limited has been successful in **the 2016 Healthcare & Pharmaceutical Awards**, and has been awarded:

Best Theranostic Imaging Company 2016 - USA & Most Disruptive Nano-Technology: OxyFusion™

We're offering a wide range of **optional** tried and tested packages and materials to help you make the most of your award. These range from online advertising to our ever-popular crystal trophies and, of course, much sought-after editorial space in our upcoming Winners' Supplement.

The supplement will be distributed digitally to our subscriber base of over **260,000** industry experts. This, of course, makes it the perfect platform from which to cement your reputation as one of the leading lights in the business world.

All winners are also entitled to our **GHP Complimentary package** which comes at no cost. This includes the official press release and listing within our online winners' directory (company & award title).

All of our winners are entitled to use their award title for a period of 12 months without any cost associated.

Once again congratulations, and I look forward to hearing back from you.

Kind Regards,

Naomi Douglas – Awards Executive
